Lineage 31-The Harrison of Staffordshire, England and Augusta Co., VA Line

The line of Thomas Harrison came to Tazewell County from Augusta and Boutetourt Counties. This family has been connected to the Burr Harrison line (lineage 22), but the DNA does not confirm that relationship. *The Wiseman Family and Allied Lines* by Eugene Wiseman (1991) discusses this line, and states that Thomas Harrison, progenitor of the Harrison family of Warren Co, TN was born ca. 1740 Botetourt Co. VA, and was the son of John Harrison, Jr. and grandson of John Harrison, Sr. The senior John Harrison was born between 1697 and 1710 and died in Botetourt Co. in 1786. No other tested families match this line. **There is a match between the Harrisons of Staffordshire, England, and the Harrisons of Augusta Co., Virginia. This indicates a better than 97% chance of a common ancestor since 1600.** This family is haplogroup **R1b1a2a1a1b**.
